

# ACID REPLACEMENT CLEANER

Ácido Reemplazo Limpiador

## DESCRIPTION:

Acid Replacement Cleaner is a very powerful cleaning product that should be used on **HARD SURFACES ONLY**. This product replaces acids and acid type cleaners to take care of a large variety of cleaning and maintenance programs. It is acid free, 100% biodegradable, non-toxic, environmentally safe, non-flammable and user friendly. Removes calcium deposits and is great for cleaning grout without any unpleasant odors. Has a fresh lemon fragrance.

## REMOVES:

- Rust
- Soap Scum
- Mildew Stains
- Calcium Deposits
- Lime Build-Up

## CAUTIONS:

May cause mild irritation. Keep container tightly closed when not in use. **FIRST AID:** Eyes: Flush with large amounts of water. If irritation persists, get medical attention. Skin: Flush with large amounts of water. If irritation persists, get medical attention. Ingestion: Get medical attention immediately. Inhalation: Remove to fresh air.

## DIRECTIONS:

Acid Replacement Cleaner is a very concentrated product that can be diluted up to 10:1 with water for general cleaning or it can be used straight for the really tough jobs. Wipe or spray Acid Replacement Cleaner on the surface to be cleaned. Let set for a few minutes, wipe with a rag and then rinse with water. For stubborn stains or heavy build up of calcium, you may need to agitate with a brush.

## ADVANTAGES:

- Non-Caustic • User Friendly • Non-Toxic
- 100% Biodegradable
- Non-Flammable • Non-Hazardous
- Acid Free • Non-Fuming

## USE ON:

- Tile
- Masonry
- Grout
- Concrete
- Porcelain
