

ANTIBACTERIAL HAND SOAP

DESCRIPTION:

Our Antibacterial Hand Soap is a rich, thick and creamy hand soap which gently removes all types of soil from the hands.

This product is formulated with 1% Para-Chloro-Meta-Xylenol, which is an antibacterial agent. This agent reduces chances of cross contamination. It also contains Aloe Vera, Glycerin and Lanolin to condition your skin. This product is ideal for people who wash their hands several times a day.

CAUTIONS:

Contains Para-Chloro-Meta-Xylenol. Do not take internally. If swallowed, do not induce vomiting. Call a physician. If eye contact occurs, flush with water. If irritation persists, consult a physician. Rinse empty container before disposal in an authorized landfill site.

DIRECTIONS:

Wet hands and dispense a small amount of Antibacterial Hand Soap onto the palm of your hand. Work up a lather, rinse hands and wipe dry.

BENEFITS:

30 Second Contact:

Staphylococcus Aureus	99.9% effective
Streptococcus Faecalis	99.9% effective
Escherichia Coli	99.9% effective
Pseudomonas Aeruginosa.....	99.9% effective

Contains glycerin, lanolin and aloe vera to soften and heal hands.
