

BRAKE PARTS CLEANER (HEXANE)

Limpiador De Frenos (Hexano)

DESCRIPTION:

This high solvency blend provides maximum performance as a brake parts cleaner without the use of ozone depleters or chlorinated solvents. Used with a Sure Shot Sprayer it easily removes brake fluid, grease, oily dirt and contaminants from linings, pads and drums cylinders and springs without disassembling the unit. An excellent product for use in machine shops, etc. Our Brake Parts Cleaner has an evaporation rate that is twice as fast as Mineral Spirits (Solvent) and 50 times faster than Kerosene.

CAUTIONS:

For Industrial and Institutional use, only by trained personnel.

Contains petroleum distillates. Do not take internally. Harmful if swallowed. Avoid skin and eye contact. In case of contact, flush eyes and/or skin with water. IF swallowed, do not induce vomiting. Get medical attention immediately.

DIRECTIONS:

Fill a Sure Shot Sprayer with product, compress with air and spray... it's that simple.

Brake Parts Cleaner has a very low odor as compared to other conventional solvents. For example, Mineral Spirits (Solvent) has a detectable odor concentration of 20 times greater than Brake Parts Cleaner.

NO SARA REPORTABLES:

Section 313 Title 111 of SARA mandates that a facility must report to the EPA all usage of specific "toxic chemicals" above certain minimums. Most conventional hydrocarbon cleaning solvents contain components reportable under SARA. Our Brake Parts Cleaner is exempt under Section 313 and does not need to be reported.

PRECAUTION: AL USARIO: Si usted no lee Ingles, no use este producto, hasta que la etiqueta le haya sido explicada ampliamente.

TO THE USER: If you cannot read English, do not use this product until this label has been fully explained to you.
