

# SAFETY DESCALER

## (ACID REPLACEMENT)

### DESCRIPTION:

Safety Descaler is a very powerful cleaning product that should be used on **HARD SURFACES ONLY**. This product replaces acids and acid type cleaners to take care of a large variety of cleaning and maintenance programs. It is acid free, 100% biodegradable, non-toxic, environmentally safe, non-flammable and user friendly. Removes calcium deposits and is great for cleaning grout without any unpleasant odors.

- Rust
- Soap Scum
- Mildew Stains

### REMOVES:

- Calcium Deposits
- Lime Build-Up

### CAUTIONS:

May cause mild irritation. Keep container tightly closed when not in use. **FIRST AID:** Eyes: Flush with large amounts of water. If irritation persists, get medical attention. Skin: Flush with large amounts of water. If irritation persists, get medical attention. Ingestion: Get medical attention immediately. Inhalation: Remove to fresh air.

### DIRECTIONS:

Safety Descaler is a very concentrated product that can be diluted up to 5:1 with water for general cleaning or it can be used straight for the really tough jobs. Squirt or spray Safety Descaler on the surface to be cleaned. Let set for a few minutes, wipe with a rag and then rinse with water. For stubborn stains or heavy build up of calcium, you may need to agitate with a brush.

### ADVANTAGES:

- Non-Caustic • User Friendly • Non-Toxic
- 100% Biodegradable
- Non-Flammable • Non-Hazardous
- Acid Free • Non-Fuming

### USE ON:

- Tile
- Masonry
- Grout
- Concrete
- Porcelain
