

SOIL CONDITIONER CONCENTRATE

Acondicionador de cesp ed Concentrado

DESCRIPTION:

This product was developed to reduce the costs of our regular product. By eliminating the water from a 55-gallon drum of our regular product you end up with 12 gallons of active ingredients. By adding 12 gallons (22%) of concentrate to 43 gallons (78%) of water, you are actually making your own 55-gallon drum of our regular product.

BENEFITS:

Standing water soaks into the soil to keep moisture at the root system. Softens packed soil so the moisture can penetrate down to the root system. Increases water penetration to keep moisture in the soil during periods of drought. Assists in water management efforts to save water, use up to 75% less water.

CAUTIONS:

Protect product from freezing temperatures. Do not ingest. If this should occur, drink large amounts of water and consult physician. For eye or skin contact, flush area with water for 15 minutes. Seek medical attention if irritation persists. Triple rinse empty container before discarding in an authorized landfill site.

DIRECTIONS:

First, add two 6-gallon buckets of product to 43 gallons of water to make a 55 gallons of our regular product.

For greener lawns with less water: Dilute 1 quart of product with five gallons of water to treat 3,000 to 4,000 square feet of grass or plants. Use three gallons to treat each acre of ground.

To treat soil compaction or drainage problems: Mix 1 gallon of product 20 gallons of water to treat 3,000 to 4,000 square feet of grass and/or plants. Use approximately six gallons to treat each acre of ground. For best results, treat lawn and plants every four weeks or as needed.

This product may be mixed with chemicals such as fungicides, herbicides, insecticides and soluble fertilizers. Our product works great when applied thru a fertigation system.

PRECAUTION: AL USARIO: Si usted no lee Ingles, no use este producto, hasta que la etiqueta le haya sido explicada ampliamente.

TO THE USER: If you cannot read English, do not use this product until this label has been fully explained to you.
